High School Athletics

Our HS teams have wrapped up the Fall seasons and we are getting ready for the Winter season!

- Our girls soccer team finished 5th in the State and we were so close to finishing higher. We lost to Millard in the State tournament 1-2 and felt we really could have won. We have one Senior that we will miss next year in Abigail Hansen. The rest of the team should be back and we should be even better next year.
- Our Girls Volleyball team went to State for the 2nd consecutive year. We keep making progress and have everyone coming back (no Seniors) next year. With some off-season work we feel this team will be able to compete both for a Region title and then make some noise in State!

Also, the HS boys and girls have tryouts for basketball on Monday and Tuesday! If you are in 9th-12th grade and are interested in playing basketball, make sure to be at High School Basketball Tryouts. All tryouts will take place in the D3 Gym.

- **BOYS TRYOUTS - Monday, November 5th - 3:15-5:15 pm**

Veterans Day - Additional Information

This year marks our 10th anniversary holding Veterans Day assemblies! We would love all our parents to be able to attend these events, but there is not enough room in our gymnasiums for that to be possible. Parents who bring a Veteran to be honored will have a seat. Most campuses have 50-80 Veterans guests, so our space fills up and we don't have room for additional guests. Because we really want all of our parents to see this great assembly, we have arranged to have the event "live-streamed" on KSL. You can watch on your computer at live.ksl.com and we hope parents who can will tune in! Our assemblies will be November 8th at 9:00 am and 12:00 Noon. 7th & 8th graders will be attending the 9:00am assembly and 9th-12th graders will attend the 12:00pm assembly. The program will be about an hour long - depending upon how many veterans attend each assembly.

At American Prep, patriotism means having gratitude and showing respect for those who have sacrificed so that we can experience the freedoms that we enjoy. Regardless of our individual and diverse views about the politics and specifics of particular international conflicts, at American Prep we unite together in gratitude and respect for those who have been willing to give so much so that we can enjoy our lives in freedom. We are grateful for the opportunity to say "thank you" in person to our veterans! This is one way that we express patriotism at APA.

7th - 8th Grade American Math Competition

APA will be offering the American Math Competition (AMC 8) test to all interested students, **after school on November 13th**. The AMC 8 is the nation's leading mathematics competition for middle school. It is designed to cultivate the mathematical capabilities of the next generation of problem solvers. In 2017, approximately 140,000 students worldwide participated in the AMC 8.

After the competition results are compiled, certificates will be presented to the student with the highest score in each school, to nationally high-scoring students, and to all who participated in the competition. In past years, BYU has invited students who achieved certain benchmark scores to attend an awards ceremony in February. The test is short (25 multiple choice problems with a 40 minute time limit) but quite challenging. If your 7th or 8th grade student is interested in participating, please email Julean Stewart at jstewart@apamail.org for a permission slip.

Empowering Your Tomorrow

Empowering Your Tomorrow is a Saturday math, science, and technology-focused (STEM) career conference for 6th - 12th grade boys. APA boys may choose from 20 exciting, hands-on, interactive workshops. They receive a delicious catered deli lunch, the opportunity to hear from an exciting keynote speaker, and have a day of fun on the Utah Valley University campus. Your son will participate in three workshops that interest them (such as engineering, robotics, animation, etc.). Come explore educational and career opportunities in nontraditional, high-earning STEM careers, and speak with industry experts! The event takes place on **Saturday, November 10, 2018, 8:00 AM - 4:00 PM.**

Flu Season Reminder

Just a reminder about expectations regarding sick students. If your student has a fever or is vomiting, they are not to attend school. The CDC recommends that children be free of fever for at least 24 hours before returning to school. Flu season is especially bad this year. Keeping sick children home from school helps slow the spread of disease. Some symptoms of the flu may be fever, cough, sore throat, runny or stuffy nose, body aches, headaches, chills, fatigue, and sometimes diarrhea and vomiting. Hand hygiene is the number one way of preventing the transmission of disease. Please do your part to keep all our students healthy. Thank you.
