Event Review: 7th Grade Capitol Trip

We were blown away by the 7th grade at the Capitol! They paid attention and followed directions! Because of this, they learned a lot about, and saw first hand, how our government works. We took a guided tour through the Capitol and learned about the different rooms and what happened in each one. We stopped into the Senate and House Galleries. Here, we saw bills being passed into laws. The students were able to recognize that these laws will affect them personally! We are grateful for this opportunity to be with your students!
