AMERICAN PREPARATORY ACADEMY

On Tuesday, just prior to orientation you will receive instructions on how to log in to Skyward to see student schedules and pay student fees. School fees will be collected through Skyward this year. During orientation you will be able to meet each of your teachers and walk through your schedule. However, there are several teachers who have to change classrooms through the school day. Those teachers will be in the common areas throughout the building. If your student feels comfortable with the layout of the building (returning student) and does not want to walk through his/her schedule before Aug. 19th, please keep them home. We will be sending out a video introduction of our staff to all families and students.

If you have questions please feel free to email the administrative team.

Free and Reduced Lunch Applications Now Being Accepted

Dear American Prep Families,

We can now accept applications for Free and Reduced Lunch for 2020-2021. A new application must be submitted every year. We ask ALL parents to fill out an application, even if they do not qualify or plan to participate in the National School Lunch Program. This information is kept confidential and is important to APA as we seek funding for our students.

We know there are uncertainties about how COVID-19 will impact the schools in the fall. If schools are open, we will be serving lunch. If the schools are required to close, we will not be serving lunch, but will give you a list of nearby schools that are providing meals.
