- Reminders (repeat information from previous newsletter) -

Attendance and Late Check-in Clarification

Parents, we want to clarify something regarding attendance and late arrivals. If you are bringing your student late to school because of some morning appointment or other obligation, then you should park and walk them into the office to check them in. This involves signing them in at the front office and the secretaries will update attendance. If you are just late, you may drop off your student and they can enter and go straight to class, where their attendance will already have been marked.
