

Student Course Request Form: Winterim 2022-2023

Name: _____

Grade: _____

Instructions

Please review the Draper 3 Winterim website. You will need to refer to two pages on the website in order to appropriately fill out your requests: the teacher schedule and the course catalog. The course catalog page will have all of the information about each class offered: teacher, class, description, fee (if applicable), grade restrictions (if applicable), etc. The teacher schedule shows what courses are taught each period of the day and their location. This is very important to know because you may want certain classes but not realize they are all offered in the same period.

My requests (page 2)

Remember, you **must select at least ONE course** labeled "An American Symposium Class".

After reviewing the catalog & the teacher schedule please identify your top 3 choices for classes in each period. On the back of this page ("My Requests"), select 3 classes from each period, ranking them 1,2 or 3. Mark your rank in the column labeled "P" (meaning "priority") next to that period. When you are finished you should have marked 12 total classes, 3 in each period.

All 8th graders will take a Digital Literacy course in one of their periods. After completing the steps above, note the period you'd prefer the Digital Lit course to be in.

This section to be filled out by administration only

My Scheduled Classes
