Event Review: WORK Party

The last Friday before our Fall Break some of our 8th grade students had the opportunity to complete some of our WORK Party service projects in the community. Our WORK Party stands for Wonderful Opportunities to Render Kindness. We want to provide opportunities for our students to give back to the community and help keep our great state looking beautiful. We had 36 students help out at four locations. We were able to volunteer at Historic Wheeler Farm and help clean the grounds and get the land ready for the Fall festivities that they provide for our community. Another group of students went to Draper City Cycle Park and helped to maintain the paths and clean up vegetation. The other two groups went to Herriman City Hall and Bluffdale City Hall to help beautify the grounds by pulling weeds. This is truly a wonderful opportunity for our students to see the hard work that goes into maintaining our parks and facilities. We are so grateful for the time and energy put in by our parent volunteer, John Rowkowski and our staff members, Mr. Jones, Mr. Sheneman, and Mr. Buroker to help make this service project possible!!
