Parenting with Love and Logic Classes--FREE to APA Parents

The Love and Logic approach to parenting is built around the science of caring and respectful relationships. An authentic, loving connection between parents and their children forms the foundation of good behavior and healthy decision-making. We use these principles at our school every day and are excited to be able to offer FREE classes to our families at APA so they can begin to parent the Love and Logic Way. We will begin our first course at APA on Monday, February 7th in the evening. It will go for 6 weeks. We will also offer it in Spanish at the same time. We are registering now! Please fill out this google form:

They need to RSVP, so please make sure that your student has signed and turned in their RSVP.

Event Review: 9th Grade Capitol Trip

The 9th grade had an excellent time on their capitol trip! They got to see a few subcommittee meetings, part of a House of Representatives meeting, and part of a Senate meeting! The 9th graders represented our school professionally and got to speak with multiple senators and representatives. Make sure to ask your 9th grader what they got to see at the capitol!

Event Review: 8th Explosive Extravaganza

The 8th grade explosive extravaganza was a great success! The students learned about so many important topics that will help them as they move forward in life. Make sure to ask your student what they learned about how to escort someone, how to dress for success, the power of words, managing their emotions, and money! A special thanks to Kathy Larrabee, Tori Andersen, Venu Shelat, Eve Noren, Dan Bazan, Aaron Glauser, Elaine Scheidecker, Heather Allen, Angel & Dinora Garcia, Angie Lewis, and Jessie Ortega. These events would not be possible without parent support!
